CREEKVIEW TRAIL COMMUNITY DEVELOPMENT DISTRICT WORK AUTHORIZATION NO. 4 AMENDMENT 1 APF ROAD PHASES 2, 3 AND 4 HYDRAULIC MODELING AND FEMA CONDITIONAL LETTER OF MAP REVISION

Scope of Work

England-Thims & Miller, Inc. (ETM) shall provide general consulting engineering services for the Creekview Community Development District as directed by the Board of Supervisors or their designee. General consulting services shall include, but not be limited to contracting and coordinating with Gemini Engineering & Sciences, Inc. for Tasks 1-6 as described below.

TASK 1. DISCOVERY

We will obtain the effective FEMA hydraulic model for Bradley Creek Tributary 1. This may take 4-6 weeks, on average. We will also perform limited field reconnaissance in conjunction to determine the possible need for surveys (assuming as-built data is not available). We will minimize the need for additional surveys by reviewing the availability of the targeted data from other sources prior to making our request. We cannot rule out the need for additional surveys until our reconnaissance has been completed.

TASK 2. BASLINE CONDITIONS

Using the effective modeling, surveys, and field reconnaissance, we will update the effective model to reflect either Corrected Effective or Pre-Project Conditions. Cross section geometries, stream distances, roughness coefficients, and other hydraulic parameters will be revised, as necessary. We will also add cross sections upstream and downstream of the proposed crossings. For FEMA purposes, we will simulate the Corrected Effective or Pre-Project Conditions 100-year simulation.

TASK 3. POST-PROJECT CONDITIONS

We will use the results of the modeling from Task 3 as a basis for the Post-Project Conditions stream crossing analysis. We will incorporate the new roadway design, and evaluate the impacts of the roadway on potential flooding of adjacent areas. We will evaluate the planned conveyance capacity of the crossing, and work with your civil engineer to suggest an optimum solution to meet FEMA requirements.

TASK 4. MAPPING

With your authorization, we will delineate the Post-Project Conditions floodplain using surveyed topography, lidar data, and your roadway plans. We will tie the mapping to the effective mapping to within the FEMA-allowed 0.5-foot elevation tolerance. The mapping will include the necessary BFEs, and zone breaks. A 500-year floodplain and floodway are not applicable.

TASK 5. CLOMR

Assuming the results of the analysis are acceptable, and with your authorization, a FEMA Conditional Letter of Map Revision (CLOMR) submittal will be prepared and submitted. A CLOMR is based on certified engineering plans, and will show the proposed mapping revision from the current effective mapping. The CLOMR request will include the required completion of the MT-2 forms, narrative, calculation back-up data, figures, and certifications. We will need documentation from your environmental consultant confirming that this project complies with the current Federal ESA requirements. We cannot submit the CLOMR without this documentation.

TASK 6. CLOMR REVIEW

We will submit the CLOMR to the County and FEMA, and answer questions from the reviewers concerning our analysis.

TASK 7. ETM COORDINATION

ETM will coordinate with Gemini Engineering & Sciences, Inc. to provide necessary information, review results, and provide direction as necessary.

To the extent there is any conflict between the terms of this Agreement and <u>Exhibit A</u>, the terms of this Agreement shall control. The work to be performed under the hourly rate schedule shall be stipulated in a Work Authorization which defines the scope of services authorized. Hourly rate schedules may be adjusted as agreed to by the parties every twelve (12) months from the date of execution of this Agreement.
- B) <u>Lump-Sum Amount or Cost-Plus-a-Fixed-Fee Amount.</u> The District and Design Professional may mutually agree to a lump-sum amount or cost-plus-a-fixed-fee amount for services to be rendered payable in proportion to the work accomplished. Such a lump-sum or cost-plus-a-fixed-fee agreement shall be set forth in a separate written agreement or Work Authorization approved by the Board. A lump-sum or cost-plus-a-fixed-fee agreement may contain provisions which are different than the provisions contained herein and may be written to encompass the entire agreement of the Parties for the particular scope of services defined in the lump-sum agreement.
- C) Truth in Negotiation Certificate. For any lump-sum or cost-plus-a-fixed-fee architectural contract entered into between the District and the Design Professional, over the threshold amount contained in section 287.017, *Florida Statutes*, for Category Four, as amended, Design Professional shall provide the District with a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. The original contract price and any additions thereto will be adjusted to exclude any significant sums by which the District determines the contract price was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such contract adjustments must be made within one (1) year following the end of the contract.

ARTICLE 4. PAYMENTS

The District shall provide payment within forty-five (45) days of receipt of invoices or as may be required by Florida's Prompt Payment Act. Each invoice will be accompanied by a description of the activities completed during the representative period.

ARTICLE 5. REIMBURSABLE EXPENSES

Reimbursable expenses consist of actual expenditures made by Design Professional, its employees, or its previously-approved consultants in the interest of the project for the incidental expenses listed as follows:

A) Expenses of transportation and living when traveling in connection with the project, for long distance calls and facsimiles, and fees paid for efforts to secure approval of authorities having jurisdiction over the project. All expenditures shall be made in accordance with

Chapter 112, *Florida Statutes*, and the District's travel policy.

B) Expenses incurred in the reproduction, postage, expedited delivery fees, and handling of drawings and specifications except those used for in-house purposes.

The Design Professional reserves the right to reuse the individual components and architectural details contained in the drawings and specifications furnished to the District that are standard to the industry.

The budget for each project shall be determined in the schematic design phase and documented in the appropriate Work Authorization as described in Article 2. In the event the construction bid is higher than the budgeted amount, the Design Professional will review value engineering proposals, without additional cost to the District, until the cost is at or below the budgeted amount. If, after schematic design phase, the District requests changes to design that will affect the budgeted amount, the Design Professional will provide documentation to the District of the adjusted budget amount prior to the commencement of such work. Revisions to the construction documents, if required, will be provided by the Design Professional on a time and material basis.

Since neither the Design Professional nor the District has control over the cost of labor, materials or equipment or over the Design Professional's methods of determining prices, or over competitive bidding or market conditions, the Design Professional's opinions of probable cost

provided as a service hereunder, if any, are to be made on the basis of the Design Professional's experience and qualifications and represent the Design Professional's best judgment as a design professional familiar with the construction industry.

- **3. DUE DATE.** The entire balance of the Developer Contribution shall be due and payable on or before five (5) years following the execution of this Agreement ("**Due Date**"). The District shall provide the Developer with notice of amounts due under the Contribution Agreement at least 60 days prior to the Due Date. However, the failure of the District to provide such notice shall not serve as a waiver or extension of time as to the payment of the amount due.
- 4. RELEASE UPON SATISFACTION. At the time the Developer Contribution has been fully satisfied as provided in this Contribution Agreement, a resolution shall be presented to the District's Board of Supervisors for formal recognition that the Developer Contribution has been satisfied and release of Developer from this Contribution Agreement. The District shall not be obligated to sell or assign the Mobility Credits to any third parties, or be responsible in any way for the accounting, coordination, redemption, or use of the Mobility Credits.
- **5. ENFORCEMENT.** A default by either party under this Contribution Agreement shall entitle the non-defaulting party to all remedies available at law or in equity, which shall include, but not be limited to, the right of actual damages (but not punitive, special or other ancillary or extraordinary-type damages), injunctive relief and specific performance.

WHEREAS, the Property includes proposed roadways identified as Adequate Public

WHEREAS, in order to obtain credit against the imposition of Mobility Fees, BCH

WHEREAS, while the schedule for construction of the roadways will depend on the sale

entitled to credit in an amount determined in accordance with the Ordinance (the Credit);

and

WHEREAS, the Credit, once granted and subject to the conditions provided herein, may

be used for the New Construction projected to occur on the Property or may be transferred in

connection with future New Construction within the LA/GCS Mobility District, as provided by

State law; and

WHEREAS, BCH and the County acknowledge that the donation of approximately

13.40 acres of land within the Property as Right of Way satisfies the APF requirements imposed

by LA TRA Policy 1.1.3 of the Lake Asbury Master Plan (the APF Requirements) arising

out of the New Construction on the Property; and

WHEREAS, the administration of the Credit in connection with the imposition of

Mobility Fcc obligations for the New Construction on the Property is the responsibility of

the Mobility Fee Coordinator, as identified in the Ordinance; and

WHEREAS, BCH and the County desire to delineate their respective rights and

obligations with regard to the Credit to which BCH shall become entitled pursuant to this

Agreement;

NOW THEREFORE, in consideration of the mutual covenants herein, it is agreed

as follows:

1. Recitals. The recitals set forth hereinabove form an integral part of this

Agreement. When construing this Agreement, the parties shall refer to the recitals to the extent

necessary to give full effect to the intent of the parties as reflected in this Agreement; provided,

BK: 4413 PG: 1169

however, that if the recitals and a substantive provision of this Agreement are in direct conflict

and cannot be reconciled, then the substantive portion shall control.

2. Credit.

a. Calculation of Credit. BCH shall receive Credit for the donation of

Right of Way to the County and for the construction, dedication, and acceptance of the

completed APF Road Construction, based upon the current standards and methodology set

forth in Section 3.05 of the Ordinance, and as calculated and described herein and as shown

on Exhibit E attached hereto and by reference made a part hereof.

b. Schedule of Credit. Donation of the Right of Way, construction and

dedication of the completed APF Road Construction, and issuance of the Credit to BCH shall

proceed as follows and in accordance with the schedule set forth in Exhibit F attached hereto and

made a part hereof:

(i) **Donation of Right of Way**. BCH shall donate or cause to be

donated to the County the Right of Way, excluding the Right of Way for stormwater

management facilities, on or before December 31, 2022. BCH also shall donate or cause to be

donated the Right of Way for stormwater management facilities as provided in Section 2(b)(iii)

below. The donation of the Right of Way shall be accomplished by dedication through plat.

Upon dedication and acceptance of the Right of Way, excluding the Right of Way for stormwater

management facilities, the County shall issue \$920,128.19 in Credit to BCH, as calculated in

Exhibit E and as derived from the value of the Designated Mobility Improvements provided

in the Mobility Fee Study referenced in the Ordinance (the Mobility Fee Study). The value

is based on current data (2020) as of the date of the Mobility Fee Study and is subject to

adjustment consistent with any automatic adjustments to the Mobility Fee as provided in Section

Bradley Creek Holdings MF Credit Agreement January 13, 2020

JAX 3339344 v.4

3.10 of the Ordinance on October 1 of each year by any percent change for the previous Fiscal

Year in the Florida Department of Transportation Price Trends Index. Prior to commencement

of the APF Road Construction, BCH shall be permitted to continue its existing use of any

portion of the Right of Way for access, drainage, fire management and other best

management practices for the continued use of the Property for permitted uses in the

Agriculture zoning district and for the APF Road Construction. BCH acknowledges that the

County shall not be required to perform any maintenance in connection with BCH's

continued use. Also prior to commencement of the APF Road Construction, the Right of

Way may be subject to minor adjustments based on site conditions, utilities, and/or to

accommodate final permitting and design.

(ii) Construction of Segments. To be issued Credit for the APF Road

Construction as provided in this Sub-section 2(b), BCH shall construct or cause the construction

of the APF Road Construction in one or more of the three (3) segments described in Exhibit F,

specifically, Segment 1 of NS3, Segment 2 of NS3, and EW 1 (individually, a Segment;

collectively, the Segments). Upon dedication and acceptance of a completed Segment including

the donation of Right of Way for stormwater management facilities, the County shall issue to

BCH a Credit amount equal to the Construction Credit for such Segment, as identified in Exhibit

F, which shall be adjusted to reflect any adjustments to the Mobility Fees pursuant to Section

3.10 of the Ordinance on October 1 of each year by any percent change for the previous Fiscal

Year in the Florida Department of Transportation Price Trends Index.

(iii) Stormwater Management Facilities for Segments

5

Associated with the construction of each Segment as described in Sub-section 2(b)(ii) above

Bradley Creek Holdings MF Credit Agreement January 13, 2020 JAX 3339344 v.4

will be the donation of Right of Way and granting of required easements for the permitted

stormwater management facilities for the applicable Segment as described on Exhibit F, to

be permitted, constructed, and maintained as joint use ponds within the Property. The

donations shall be accomplished by dedication through plat and/or by casement, as

determined by the County in its discretion, concurrent with the acceptance of the completed

Segment associated with the stormwater management facilities. Credit for the donation of

such stormwater management facilities is included in the Construction Credit for such

Segment as identified in Exhibit F.

(iv) County Election to Construct Segment. By an amendment to

this Agreement executed prior to the commencement of construction for a Segment, the County

may elect to construct such Segment or any portion of such Segment of the APF Road

Construction. In the event of the County's election, BCH shall be entitled to Credit for any

actual costs incurred in the design, engineering, and permitting of such Segment prior to the

execution of the amendment, and BCH shall provide to the County any plans or studies for the

Segment and shall assign to the County any permits or permit applications associated with costs

for which BCH receives Credit. BCH and other owners of property abutting the Segment may

provide the County with input regarding the design of, and access to, the Segment.

c. Use and Transferability of Mobility Fee Credit. Credit issued to

BCH under this Agreement shall first be used by BCH or successor owners of the Property

in the payment of Mobility Fees for New Construction on the Property or portions thereof.

Credit in excess of Mobility Fees required for New Construction on the Property in its entirety

then may be used by BCH on other properties which it owns within LA/GCS Mobility

Bradley Creek Holdings MF Credit Agreement January 13, 2020

District or may be transferred to owners or applicants for New Construction within the

LA/GCS Mobility District. Except as provided herein, the use of Credit shall be on a dollar-

for-dollar basis and shall not be limited in time nor restricted to any particular land uses.

d. APF Credit. Upon dedication and acceptance of the plat(s) of the Right

of Way of approximately 13.40 acres of land within the Property, excluding the Right of Way for

stormwater management facilities, the APF Requirement imposed by LA TRA Policy 1.1.3 of

LAMP for the New Construction on the Property shall be deemed satisfied.

e. Early Access to Credit. If final construction plans for a Segment of

the APF Road Construction have been approved by the County and if BCH provides a

payment and performance bond or letter of credit for such Segment (the Bond), then BCII

may apply for and the County shall issue to BCH Credit in the amount of the Bond. The

Bond shall be in favor of the County in the amount equal to the Construction Credit for such

Segment as identified in Exhibit F and in a form acceptable to the County. The Bond shall

provide that if BCII fails to commence construction (contract award, posting of performance

bond, and commencement of physical work) of such Segment within two (2) years after the

issuance of the Credit or fails to complete construction (dedication and acceptance) of such

Segment within four (4) years after the issuance of the Credit, the County may enforce the

Bond provided by BCH. The Bond shall expire upon the completion and acceptance of such

Segment.

3. The County's Obligations. The County, through its Mobility Fee

Coordinator, shall:

a. Deliver to BCH a form for the Credit Voucher to be utilized in the

administration of this Agreement that provides for the identification of the transferee or its

Bradley Creek Holdings MF Credit Agreement January 13, 2020

JAX 3339344 v.4

successor of any Credit, the dollar amount of the Credit transferred, and a legal description

of the lands within which the Credit may be used.

b. Maintain a ledger reflecting the use of the Credit.

c. Require that, in connection with payment of Mobility Fee obligations,

when a Credit Voucher from BCH, a transferee, or its successor, as applicable, stating the dollar

amount of the Credit transferred is presented to the County, the County shall deduct the amount

of the Credit Voucher from the balance of the Credit then available to BCH, a transferee, or its

successor, as applicable; and issue such documentation as is necessary to reflect the amount

credited against those Mobility Fee obligations due.

d. Not be responsible for determining whether any particular Credit Voucher

is valid as between BCII or any transferee or its successor, as applicable, for any New

Construction, and shall accept any Credit Voucher on the applicable form and signed by the

person(s) identified pursuant to Section 4 below who is authorized to execute the Credit Voucher

for any particular New Construction at the time any Mobility Fee obligation is otherwise due.

e. Periodically, BCH may request from the County the opportunity to inspect

and copy Credit Vouchers accepted by the County. If, based on its inspection of such Credit

Vouchers, BCH believes that the County has accepted an invalid Credit Voucher(s) or has

otherwise processed a Credit Voucher(s) improperly, BCH may notify the County of its

objection to such Credit Voucher(s). Upon receipt of a BCH objection, the County shall make

any necessary adjustments to the County's ledger and take whatever steps lawfully available to

the County to withhold, suspend, or revoke any permits, plans, or other approvals issued based

upon the acceptance of such Credit Voucher(s). If the County determines that the Credit

Voucher(s) to which BCH objected is valid and was processed properly, then the County may

Bradley Creek Holdings MF Credit Agreement January 13, 2020

JAX 3339344 v.4

restore any permits, plans, or approvals issued based upon the acceptance of such Credit

Voucher(s).

f. The County may accept a monetary payment by an applicant for Mobility

Fee obligations due for New Construction where no Credit Voucher is presented from BCH, a

transferee, or a successor. Any such payment is non-refundable.

g. Accept the completed APF Road Construction and each Segment thereof

for maintenance, subject to the requirements for guarantees and performance bonds in Article

VIII of the County's Ordinance Land Development Regulations.

4. BCH's Obligations. BCII and any transferee or its successor, as applicable,

shall:

a. Provide to the County written notification of any transfer of Credit to a

transferee, executed by BCH and the transferee, identifying the transferee, the person(s)

authorized to execute the Credit Voucher on behalf of the transferee, the dollar amount of the

Credit transferred, and a description of the transferee's lands within which the Credit may be

used.

b. Notify any transferee that it shall provide the County written notification

of any transfer of Credit to a successor in title, executed by the transferee and the successor,

identifying the successor, the person(s) authorized to execute the Credit Voucher on behalf of the

successor, the dollar amount of the Credit transferred, and a description of the successor's lands

within which the Credit may be used.

c. BCII is obligated to donate the Right of Way as provided herein. The

County and BCH agree that, unless and until BCH desires to be issued Credit as provided in Sub-

sections 2(b)(ii) above, BCH is not obligated to construct any Segment of the APF Road

Bradley Creek Holdings MF Credit Agreement January 13, 2020

Construction. Rather, this Agreement provides that, to be issued Credit as provided in Sections

2(b)(ii) herein, BCH shall construct or cause to be constructed the applicable Segment(s) of the

APF Road Construction.

5. BCH agrees that construction of the APF Road Construction Parkway will be

in accord with this Agreement and the requirements of the Clay County Code and the Florida

Department of Transportation standards and regulations, as applicable.

6. Credit Vouchers. A Credit Voucher shall be submitted to and accepted by the

County no later than such time(s) as the applicable Mobility Fee obligation is otherwise due;

submittal may be made for acceptance of multiple fees under a single application.

7. Annual Report. On or before January of each year, commencing January 31 of

the year following the first year in which the Credit is issued by the County and for so long as

there remains any Credit under this Agreement, BCH or a transferce, as may be designated by

BCH in writing to the County, shall prepare and deliver to the County, through its Mobility Fee

Coordinator, an annual report setting forth the amount of Credit transferred to transferees and

successors during the prior year and the balance of such Credit remaining. If BCH's conclusions

in its annual report, when compared to the County's ledger listing the use of the Credit, disagree

with the County's ledger, then BCH shall notify the County in writing and state the specific

reasons for such disagreement. In the event that BCH and the County are unable to resolve such

a disagreement, BCH may request a meeting with the County Manager. If the County Manager

affirms disagreement with the conclusions of the annual report, then BCH may pursue remedies

as provided in paragraph 8.a. below.

8. <u>Defaults and Remedies</u>.

Bradley Creek Holdings MF Credit Agreement January 13, 2020

JAX 3339344 v.4

obligation required to be performed by it under this Agreement, then BCH may deliver

written notice of such default to the County. The County shall cure such default within sixty

(60) days after the delivery of such notice of default. If the County does not cure such

default within the time period provided, then BCH may pursue any available remedies in
